Dear Mother,

I received yours of the 8th on the 11th. I was very glad on account of two things — the pleasure of hearing from home & the money that was in it. My foot is entirely well now. I intend to try to keep it so — & shall always be my desire & endeavour to act in such a manner as shall meet your approbation as long as I am in College. I will try to do nothing which will hurt your feeling — I do not think that Aunt Susan will accompany me home this fall, although I am not certain, if she makes up her mind to come, I will.

determined not to injure him, they took the
placard paper from him. I learned to that

the Seminary that there was an Abolition;
if they might look out to be told in the same
manner if they caught any of them, they took him

run for my life the acc of our fellow men, they ran
after him a short distance I then slept, the Appointing

go after him & catch him, but the student would not
so do, they told them not to go & if they were afraid
